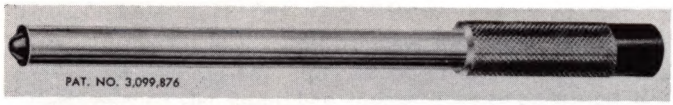
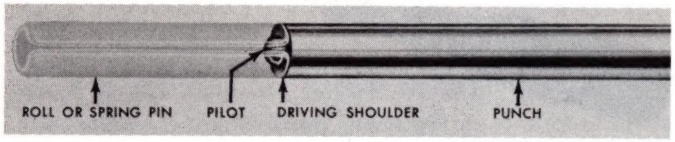
MAYHEW PILOT PUNCHES

Roll or Spring Pin Extractors



These Pilot Punches have been carefully designed to speed up pin removal safely; to center perfectly over pin; to eliminate damage to pin or wall of hole and to drive pin completely through hole without sticking punch. Twelve sizes match all standard pin diameters and maximum lengths.



Each Punch has a Pilot Point that fits into the hollow center of the pin, holding the driving shoulder of the Punch in perfect contact position during the entire removal operation.

More information on Mayhew Extractors on back of catalog.

Roll or Spring Pin Extractors PILOT PUNCH

12 sizes match all standard diameters and maximum lengths. Punches are ground +.000 −.005 tolerance and have a clear lacquer finish. Each punch has a pilot point that fits into the hollow center of the pin, holding the driving shoulder of the punch in perfect contact position during the entire removal operation.

AMBERTUF SCREW DRIVERS

For "A" & "G" Type Friction Hold Clutch Head Screws

These screw drivers are for the "A" & "G" type friction hold clutch head screw used now by so many manufacturers. The blades are firmly locked in the handle and will not turn loose. We have tried to make this a superior tool in every detail.

The Ambertuf handles are the same as we have used in the regular style driver for many years and for which Mayhew Ambertuf screw drivers are so well and favorably known. All screw drivers packed 1/2 dozen per box.

No. 650-K KIT

No. 650-CD BUTT TYPE WOOD CHISEL DISPLAY

An attractive wall or counter display containing six of the most popular sizes of plastic handled Butt type Wood Chisels.

This display is 12 1/2" x 9 1/2", and a printed strip with the stock number and size of each item is shown on the front.

Mayhew Wood Chisels are made of highly polished alloy steel, straight razor-sharp edge that can be sharpened again and again. The sturdy green and amber handle with highly polished steel cap is especially constructed to stay securely bonded in the handle. It is practically indestructible which means a long life and dependable service from your Mayhew Wood Chisel.

The display contains one each of the following: 641-C – 1/4", 642-C – 3/8", 643-C – 1/2", 645-C – 3/4", 647-C – 1" and 649-C – 1 1/2".

The shipping weight complete with Chisels – 3 lbs. 12 oz.

No. 640-K AMBERTUF WOOD CHISELS

Three Ambertuf wood chisels, sizes 1/2", 3/4" and 1".
Weight 1 lb. 4 oz.

No. 640-M BOX

No. 830 ALL STEEL-WOOD CHISELS

The popular and fast selling Mayhew All-Steel Wood Chisels are made of deep hardened Alloy Steel — hammer forged — accurately hardened and tempered. The popular and fast selling Mayhew All-Steel Wood Chisels are made with a Round Head that fits the hand. They can be used as Butt or Finishing chisels without damaging the mallet or hand. The round head feature provides greater striking surface.

These wood chisels will especially please the plumbers and carpenters. The strong blade will not crack under strain. Careful grinding and polishing gives these fine chisels razor-like cutting edges that will stand a lot of abuse.
